

The Club — Member Area Features

Member Feed

- Post updates and photos
 - Like and comment on posts
 - Admin can pin, hide or remove posts
-

Groups

- Every member automatically joins **The Club** main group
 - Interest groups (e.g. Travel, Collaborate, Meet-ups, Events)
 - Members join the groups they want and post inside them
 - Admin creates and manages groups
-

Direct Messages

- Private one-to-one chat between members
 - Send text and photos
 - Block and report members
 - Admin can review reported conversations
-

Event Chats

- Every event gets its own chat for attendees
 - Connect before the event, follow up after
 - Closes automatically after the event
-

Member Directory

- Browse members with photo, role and company
 - Filter by industry and interests
 - Request an introduction from a profile
-

Notifications

- New messages, comments and replies
 - Group and event updates
-

Later (Optional)

- "I'm at the event" status so members can find each other
 - Live streaming
-

To confirm:

1. Should members be able to message anyone, or only people they've been introduced to?
2. Can members create their own groups, or only admin?
